Dear Sirs,

I am writing regarding my great concern over MB Docket No. 04-233. AIR 1 radio has come to mean a lot to our whole family. My children, 11 and 14, my husband and I can all enjoy their programming without the worry of having inappropriate commentary or music. Their programming is always positive, encouraging and supportive of families and the community as a whole. They do many outreaches that support various disenfranchised groups in the community such as the Angel's Tree which collect funds so they can give Christmas gifts to prisoners to give to their children. If we should lose AIR 1 because of Low Power FM, there would be no other radio station that even comes close to their programming in our community. Please consider the negative impact this decision would have on our family, our community and the country. Please keep AIR 1 on the air.

Sincerely,
Dorienne Faust
